INCREASES AREA OF QUAY COUNTY

District Attorney M. C. Mechem, of Tucumcari, has been in the city several times during the session of the Legislative Assembly engaged principally in aiding the passage of the bill which takes some area from the county of Union and adds it to the county of Quay. The bill has passed both Houses. Under its provisions fifteen and a half townships, about 375,000 acre will be added to Quay county. This section contains thirty-four miles of the Chicago, Rock Island and El Paso railroad and within its limits are situated the two flourishing towns of Nara Visa and Logan. The former especially is moving rapidly ahead. It now has over 500 inhabitants and a bank has been established there. Four general stores, a lumber yard, a good hotel, and a newspaper are already located there. The country surrounding Nara Visa is proving fine farming country and nearly every quarter section that is sufficiently level for cultivation, has been entered under the homestead or desert land laws. The water supply is good, as water is found at shallow depths and the supply seems to be inexhaustible. All arrangements have been entered into by those having the matters in charge in both counties of reimbursing Union county from the section of land taken from it by the bill and transferred to Quay. Bonds of the latter county to the amount of \$15,000 will be issued and will be turned over to the county commissioners of Union county to compensate that county for the loss in taxable property and in population occurring to it in the matter.—Santa Fe New Mexican.

Sign of the Gambler.
When you see a man excessively shined up, new overcoat, new hat, trousers painfully creased, shoes that reflect images of the surroundings; when you see him enter a car, throw the tail of his coat up his back before dropping into a seat, stretch out his legs, jerk up his trousers and begin to clean his nails, it is safe to bet \$1,000,000 he is a successful gambler.—New York Press.

A Hard Task.
